**To:** Clerks <clerks@eastgarafraxa.ca>  
**Subject:** Application Number A2-25

To Whom it May Concern:

We strongly object to the Variance Application A2-25 based on the following Points.

1. Concerns about disrupting the habitat for wildlife and many species of birds.
2. Allowing all these variances would be setting a precedent for other developers and should not be permitted.
3. We have reason to believe other builders have looked at this particular lot previously and have been advised  
of the restrictions making the lot “undevelopable”.

We do not support this application and respectfully request Council decline the application.
